WORK EXPERIENCE

BookAway.in

June 2014 — Present

Frontend Developer

Co-Founded the Website for buying, selling and renting used books among college students.

URL: www.bookaway.in

My Role:

- Developed the whole Front-end of the website from scratch.
- Designed the User Interface for the website.
- Made the website responsive for ease of use in cross-platform browsing.
- Technologies Used: CSS(CSS3) and JavaScript(Jquery).

OPEN SOURCE CONTRIBUTIONS

Mozilla:

- Contributed to Mozilla Firefox.
- Got familiar with the extensive codebase, identified a few bugs.
- Submitted various patches.
- Link for the accepted ones:
 - https://bugzilla.mozilla.org/show_bug.cgi?id=1112618

EDUCATION

Computer Science

August 2013 — Present

Jaypee Institute of Information Technology

CGPA - 7.7

PROJECTS

- Cleartrip.com - Frontend:
 - Developed as a part of a small assignment.
 - Developed a clone of UI of the website: <http://www.cleartrip.com>.
 - Technologies: Bootstrap CSS framework, JQuery (Assignment requirements).

INTERESTS
